Dear Parents,

The fifth grade Blizzard Bag activities are to be completed in case of a snow day. Each activity represents approximately 20 minutes of work per subject and may be done in any order. If students or parents have questions about the assignment, teachers are available by email from 8:00-3:00 to provide guidance. As the intent of these Blizzard Bags is to replicate the work students would be completing independently at school, these assignments will be graded and recorded in PowerSchool.

Sincerely,
The Grade Five Team
